4.1.1.2 - Maintenance Planning

Write API Documentation

Submitted by: Test Member One

Progress: 100% complete

Documented all REST API endpoints with request/response examples. Added authentication requirements and error codes.

Implement Authentication Module

Submitted by: Test Member One

Progress: 75% complete

Modified narrative by team lead

Blockers: Need to implement multi-factor authentication

Design Dashboard UI

Submitted by: Test Member Two

Progress: 90% complete

Created wireframes and mockups for dashboard. Implemented responsive layout using Bootstrap 5. Added data visualization charts.
